

QUAKE VICTIMS ARE IN PANIC

Details of Italian Disaster
Are Lacking.

COVERED WIDE TERRITORY

Center of Disturbance in Vicinity of Dormant Volcano—Dead at Calitri Number 40, and List May Grow as Debris Is Cleared Away—Peasants Attack American Missionaries and Accuse Them of Bringing Disaster by Their Propaganda.

Rome, June 8.—Full and reliable details of the earthquake are still lacking. The center of the disturbance was towards the region of Montevulturne, which has been known since Strabo's time to be a dormant volcano, but seismologists exclude a volcanic origin for the present convulsion. The non-volcanic nature of the earthquake explains the variously affected area, which includes the provinces of Avellino, Benevento, Caserta, Naples, Foggia and Campobasso.

Throughout the region the shock was sufficiently violent to awaken the sleeping inhabitants, and it was felt slightly in Sicily, but although buildings were cracked and otherwise damaged in many places, comparatively few seem to have collapsed except at Calitri. This place suffered the most, owing to local conditions. It stands on the crest of a hill, with its houses huddled together. They are built on yielding soil, subsoil excavated from cellars and grottoes, and which are used as storehouses. Hence the shock, which would otherwise have been no more disastrous than in other places, brought the houses down like toys. The entire quarter known as Castellino is reported to be a pile of ruins, recalling Messina. Clearing away the debris will be very difficult owing to the lack of space. Pressure by the wreckage threatens to cause the collapse of such buildings as stand.

Late reports put the number of dead at Calitri at 40. Official information can not be obtained. The number of injured is small in proportion to those killed, probably because the majority fled at the first tremor and escaped unscathed. Those who delayed were overwhelmed. From incomplete and unconfirmed accounts of the destruction elsewhere it seems there was great damage. Five persons were killed at San Fole. Several buildings fell or were damaged at Accadia, where some persons were hurt. The church at Euvitro threatened to fall. Three persons were killed at Mome, Montecitorio.

The panic among the lower elements of the population is almost unimaginable to those who have not seen its counterpart. All fled from the immediate neighborhood of their homes like frightened animals. They assembled around wayside shrines, loudly invoking the saints and slinging litanies.

Rescue work is considered to be the duty of the soldiers, and not a peasant will move a finger in the work. Meanwhile exploration of the ruins is delayed until the few available soldiers are reinforced.

A dispatch from Avellino to the Tribune says several American missionaries at Calitri were assaulted by the panic-stricken inhabitants, who accused them of having provoked the earthquake by their Protestant propaganda. The missionaries were nearly overpowered when rescued by the police and escorted outside the val-

Feet So Sore Couldn't Walk Down Stairs—

TIZ Cured Her Quick

If you have sore feet, tired feet, twenty feet, lame feet, tender feet, smarting feet, corns, callouses or bunions, read what happened to Mrs. Crockett, of Jeffersonville. TIZ DID IT. Mr. Crockett says: "After the second treatment she walked downstairs one foot at a time. She has not been able to walk downstairs before in past five years, except by stepping down on each step with one foot at a time. This is remarkable. Send five more boxes."

No matter what ails your feet or what under heaven you have used without getting relief, just use TIZ. It's different. It acts right off. It cures sore feet to stay cured. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. You will feel better the first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct, if you wish, from Walter Luther Dodge & Co., Chicago, Ill.

Inge, King Victor Emmanuel and Queen Elena have gone to the scene of the earthquake.

Cyclone Devastates Large Territory.
Rome, June 8.—A cyclone has devastated a large region around Ogliastra, Sardinia. Orchards, vineyards and the grain crops were destroyed, buildings were leveled and numbers of cattle and sheep were killed. The loss is figured at \$2,000,000.

EASTERN ROADS HOLD UP RATES

Central Traffic District Also
In Line.

HEADS CONFER WITH TAFT

President Sends Special Message to Congress, Asking That New Railroad Law Be Made Operative at Once Instead of in Sixty Days After Receiving His Signature, in Order That Interstate Commerce Commission May Begin Work.

Washington, June 8.—All the eastern trunk lines and the railroads of the so-called central traffic district have followed the example set by the roads comprising the western trunk line committee and have agreed to hold their increased freight rates in abeyance pending an investigation by the interstate commerce commission into their reasonableness. This agreement was reached at a conference at the White House between President Taft and representatives of the eastern and central trunk lines.

The agreement consummates the administration's tactical solution of the serious situation created by its attempt to apply the Sherman antitrust law to railroad rate-making. It marks, too, a generally yielding on the part of the railroads of the country to President Taft's demand that all advances in freight rates be held up until they fall within the operation of the new railroad law and are investigated by the interstate commerce commission. The agreements mean that increased rates the country over will be suspended for probably a year.

Two other developments have helped to clear the railroad situation. The president sent a special message to congress urging the adoption of an amendment to the pending railroad bill which, if accepted, will shorten the time in which the railroads of the country will have to wait the freight decisions by the interstate commerce commission. The pending bill as it passed the senate contains an amendment postponing the operation of all provisions of the bill until 60 days after it has been signed by the president. Mr. Taft recommends that the bill be changed so that it will become effective immediately after the approval of the president, thus allowing the interstate commerce commission to begin its investigation regarding the reasonableness of the increase 60 days earlier than now provided.

President Brown of the New York Central lines, President McKee of the Pennsylvania system and President W. W. Finley of the Southern railway were the railroad men who attended the conference at the White House. They were representing not only the eastern trunk lines, but the 25 railroads comprising the Chicago and Ohio river committee, which operates in Ohio and Indiana.

SEND BILL TO CONFERENCE

Regular Republican Win in House by Vote of 162 to 156.

Washington, June 8.—The house, by a vote of 162 to 156, rejected the senate amendments to the railroad bill and asked for a conference committee, in compliance with the request of President Taft. Several Democrats, including Fitzgerald of New York and Underwood of Alabama, voted in favor of the conference. Most of the Republican insur-

MAYA INDIANS TAKE WARPATH

Hundreds Killed In Mexican Uprising.

STORIES ARE AT VARIANCE

Government Officials, Owing to Lack of Railway Facilities, Are in Ignorance of Real Situation in Yucatan and Campeche—Fighting Has Been in Progress For Weeks and Many Small Towns Pillaged—Troops Rushed to Troubled Territory.

El Paso, Tex., June 8.—Advises from Mexico City differ as to the casualties in Yucatan and Campeche as a result of the uprising of Maya Indians and Spaniards, and they differ for the reason that even the officials at Mexico City are unable to obtain the exact information.

Campeche is entirely without railroad communication and Yucatan has but a few short railway lines. It is generally conceded, however, that several hundred have been killed, and it now develops that the fighting has been in progress for weeks and the Indians have things their own way, as few soldiers are in the country. The total dead thus far, according to the best information, is 500. Men, women and children have been killed, in a number of instances the plantations being burned. Cattle have been driven off for the sustenance of the rebellious army, and public buildings have been wrecked and the officials taken prisoners or killed in all the small towns encountered.

One dispatch claims that 100 have been killed and that 10,000 Maya Indians are in the uprising. There are more than 10,000 Indians in the two states and it would be easily possible for them to raise a much larger army. As is customary with the Mexican officials, everything possible is hushed up, and only where a leak exists does the news develop. The higher officials declare that it amounts to nothing.

RUSH TROOPS TO YUCATAN

Mexico Takes Prompt Action to Quell Indian Uprising.

Vera Cruz, Mexico, June 8.—The government is taking prompt and vigorous action towards quelling the Maya Indian uprising in the state of Yucatan and territory of Quintana Roo. Troops are being loaded here with troops to be sent to Progreso, whence they will be moved to the scene of warfare by special trains. It is expected that more than 10,000 troops will be in the field against the Indians within 10 days. The report that more than 5,000 Mayas are moving in one body towards Merida is believed by military authorities here to be an exaggeration of the situation.

PLANS INTRA-CITY FLIGHT

Hamilton Will Try New York-Philadelphia Trip Saturday.

New York, June 8.—Next Saturday morning, between 7 and 8 o'clock, weather conditions being favorable, Charles K. Hamilton will begin his New York to Philadelphia airplane flight. He will start from Van Cortlandt park, fly down the river to Cortlandt street and then across the Hackensack meadows. He plans to be in Philadelphia between 11 and 12 o'clock. Returning, he will land in New York between 5 and 6 o'clock in the evening.

No Good at Oratorical Flights.

New York, June 8.—At the Press club dinner in honor of Glenn H. Curtiss, the aviator replied to a call for a speech as follows: "I can't talk. I can't ever tell a funny story. When I get up to speak I feel as uneasy as if my motor had stopped in a flight and there was nothing below to alight on but church steeples. So if you'll excuse me I'll sit down and let someone else who can talk."

Browne Goes to Trial.

Chicago, June 8.—Lee O'Neil Browne, the Democratic leader in the house of representatives, indicted on charges of bribery in connection with the election of William Lorimer as United States senator, finally was brought to trial before Judge McSherry in the criminal court, after the defense had exhausted every means within its power to delay the case.

SODA WATER TANK EXPLODES

Proprietor of Mineral Water Works Has Head Blown Off.

Asbury Park, N. J., June 8.—By the explosion of a highly charged soda water tank in the Mont Clair Mineral water works in West Park, David Katz, who had just bought the place, was instantly killed. Katz's head was blown off. The exploding tank shot through an apartment over head and wrecked the room. Katz, however, was the only victim of the accident.

EMINENT PUBLICIST EXPIRES IN CANADA

Goldwin Smith Was Known as
Last of Great Agnostics.

Toronto, June 8.—Dr. Goldwin Smith, the eminent publicist who has for years advocated closer relations between the United States and Canada, died here. He was 87 years old.

Goldwin Smith in his later life was called the last of the great agnostics, but he was so universally known through his writings that he scarcely needed any such identification. All his life he was a thinker and a clear and forceful writer, and he never lacked a medium through which to disseminate his views. His residence at different times in England, the United States and Canada made him a familiar figure in the public mind of the three countries.

Goldwin Smith was born at Reading, England, Aug. 23, 1823. Goldwin inherited a good deal of property and all his life was able to indulge his tastes. He removed to this country in 1868, and from that year until 1871 was a lecturer at Cornell university on English and constitutional history. In the latter year removing to Canada, but continuing to hold an honorary or nonresident professorship, and in his will, it is understood, he directed that his brain be handed over to Cornell, where Professor Burt Green Wilder has for many years been engaged in an attempt to secure the brains of 100 celebrated men for study.

BUCKEYE BRIEFS

Items of Interest to People in All Parts of Ohio.

Celina, O., June 8.—The buggy bow works of the Ames Bending company was destroyed by fire. The loss is estimated at \$35,000.

Jumped From Pier.

Sandusky, O., June 8.—C. T. Uppin Beatty, real estate man of Pittsburgh and brother of General John Beatty of Columbus, committed suicide by jumping from a pier at Middle Bass Island.

Bath Fatal to Negro.

Xenia, O., June 8.—After persistently refusing to allow his clothes to be removed since he went to bed ill last March, Elisha Manley, 92, colored, died following the removal of the garments by force and a bath which was administered to him.

Fright Kills Foundryman.

Akron, O., June 8.—William Urthovnick, foundryman in Barberton, dropped a casting on his finger, slightly pinching it. When he saw at bit of blood he fell over in what was supposed to be a faint, but he was picked up dead five minutes later. The coroner pronounced death due to fright.

Alsdorf Turned Down.

Newark, O., June 8.—Walter A. Alsdorf of this city was defeated for renomination as state senator from this district at the Democratic senatorial convention held at Idlewild park. Attorney W. C. Miller of Newark and Mayor W. E. Haas of Delaware were nominated as the joint district's candidates.

Boy Shot by Brother.

Washington C. H., O., June 8.—Clarence Williamson, 8, was shot in the leg with a shotgun in the hands of his brother, aged 11, and died of the wound. The father had gone to the field and when the little fellow seized the gun and started away, the older boy tried to seize the weapon, and

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn before me and subscribed in my presence, this 6th day of December, A. D. 1899.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O., Sold by all Druggists.

Hall's Family Pills for constipation.

A SQUARE-DEAL

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless—even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof. Cloth-bound sent post-paid on receipt of 31 cents in one-cent stamps to pay cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

In the scramble it was discharged.

Do Penance in Solitary.

Columbus, O., June 8.—John Emery, Pickaway county, 10 years for burglary; John Garland, Summit, two years for housebreaking; John O'Connor, Dayton, 15 years for robbery, and Evan James, four years for robbery, the four prisoners, also in the Ohio penitentiary who were detected by Deputy Warden Reuch in an attempt to leave the prison by the wall route, are now doing penance in solitary on a bread and water diet. They have been reduced to the fourth grade and their good time taken from them.
